## THINGS TO CONSIDER

---

### Dance Floor Renial

**Why do I need a Dance Floor?** If your wedding is outdoors and you're concerned about the ground being uneven, consider a raised dance floor for comfort and stability.

**Consider Style** You can opt for a classic wooden dance floor, a white or black glossy dance floor, or even a customizable floor with your names or a monogram. Prices will vary.

**Lighting** can also enhance the atmosphere, such as string lights or spotlights.

## THINGS TO CONSIDER

---

Tent Rental - We strongly suggest renting a tent

Using a tent for outdoor weddings offers several benefits that can enhance the overall experience for you and your guests. Here are some key reasons to consider:

**Weather Protection** One of the biggest advantages of a tent is that it provides shelter from unpredictable weather. Whether it's rain, wind, or strong sun, a tent ensures that your ceremony and reception can proceed smoothly regardless of the elements.

**Comfort** Tents can help create a comfortable atmosphere for your guests. They provide shade from the sun on hot days and shelter from the chill on cooler evenings, allowing guests to enjoy the celebration without discomfort.

**Customization** Tents come in various styles, colors, and sizes, allowing you to customize the space to match your wedding theme. You can add decorations, lighting, and furnishings inside the tent to create a unique and personal ambiance.

Overall, a tent can transform an outdoor wedding into a charming and enjoyable event, allowing you to take full advantage of nature while ensuring your guests are comfortable and the day goes as planned. **Prices will vary**
